

TORRANCE PICTORIAL

ONE OF THE NURSES in El Camino College's Associate Degree program, Mrs. Myrtle Crane, is shown cuddling and rocking a new-born baby at Little Company of Mary Hospital. The girls gain clinical experience at the hospital three days a week.

A PEEK INTO BABYLAND at Little Company of Mary Hospital is given to see Miss Barbara Stump holding one of the tiny inhabitants of that wonderful land. Outside, is Miss Joan Wil-

cox, R.N., El Camino Nursing Department instructor. A graduate of the University of Utah, she worked as a staff and office nurse before earning her Master's degree at UCLA.

THE SMILE OF MOTHERHOOD is a shining light, and the nurses enjoy helping to arrange flowers sent by husbands. Left to right are Miss Diane Clark, Mrs. Rod Folsom, of Tor-

rance, and Miss Lynn Evens. Student nurses study theory at El Camino under direction of Mrs. Cynthia Barnes, R.N., co-ordinator of nursing.

TRUNDLING A LITTLE BABY to see mother is Miss Rosemary Los, one of the class assigned to Little Company of Mary Hospital. Classes get clinical experience in three other Torrance area hospitals. There are 40 students in El Camino's nursing program.

NURSES SHARE EXPERIENCES, and in the photo above (left to right), Miss Betty Leher, Miss Barbara Stump, Mrs. Myrtle Crane, and Miss Rosemary Los discuss experiences of the

day. In the photo at left, Miss Wilcox (right) shares her rich nursing experience with Student Irma Thomson.

COLLEGE AND HOSPITAL cooperate to serve the needs of the community. Above, Mrs. Mary Huey checks blood pressure of Mrs. J. Robert Lopez, of 1324 Greenwood St., Torrance, while Miss Irma Thomson fluffs a pillow.

Students gain clinical experience in each department of the hospital. The day The Press visited Little Company of Mary Hospital, the girls were working in OB (obstetrics).

BEFORE THE DAY'S LEARNING experience begins, the students and Miss Wilcox (back to camera) discuss what to do, what to look for. After the day ends, students and Miss Wilcox gather to share experiences and the knowledge they have gained. They discuss it, do it, and share it. Clockwise from Miss Wilcox are Miss Rosemary

Los, Miss Lynn Evens, Mrs. Mary Huey, Miss Diana Clark, Miss Betty Leher, Miss Irma Thomson, Miss Barbara Stump, Mrs. Myrtle Crane, and Mrs. Jean Oberbeck.
